

## 三角形の角度2

目標時間

10分

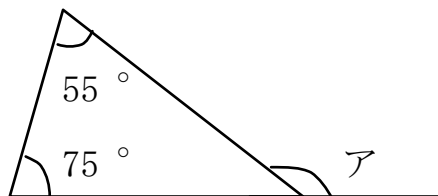

NO. 3

名前

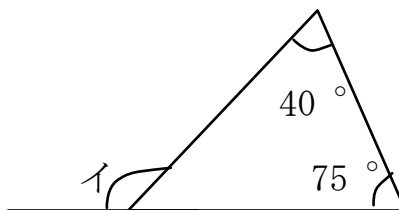

/6

◆ 次のアからカの角度を求めなさい。

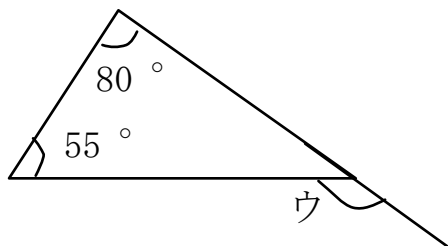

①

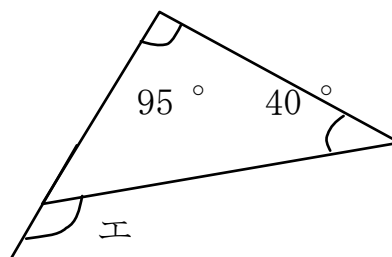

②

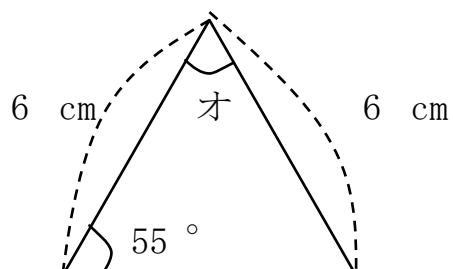

③

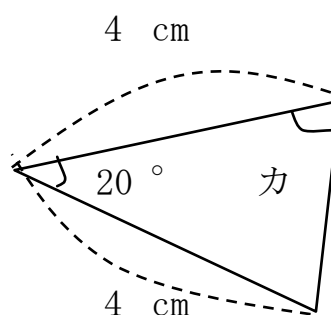

④

⑤

⑥

## 答え

$$\textcircled{1} \quad 55 + 75 = 130^\circ$$

$$\textcircled{2} \quad 40 + 75 = 115^\circ$$

$$\textcircled{3} \quad 80 + 55 = 135^\circ$$

$$\textcircled{4} \quad 95 + 40 = 135^\circ$$

$$\textcircled{5} \quad 55 \times 2 = 110 \quad 180 - 110 = 70^\circ$$

$$\textcircled{6} \quad 180 - 20 = 160 \quad 160 \div 2 = 80^\circ$$
